REAL MULTI-TALENTS – OUR NEW INSTALLATION PLIERS

Gripping | Bending | Cutting | Crimping | Cleaning | Deburring

The new VDE installation pliers (Art. 211229) and the new installation pliers from the basic program (Art. 201090) stand out thanks to their versatility, safety, precision, power saving properties and durability. The multifunctional pliers are suitable for gripping, bending, crimping and cutting as well as for cleaning core hole boreholes and the removal of burr from flush-mounted sockets.

Our lightweight, compact installation pliers replace **up to 7 tools** and are indispensable for all everyday tasks.

Germany: HAUPA GmbH & Co. KG, Königstr. 165 - 169, D-42853 Remscheid, Phone: +49 2191 8418-0, Fax: +49 2191 8418-840, E-mail: sales@haupa.com.
All prices are retailer net-prices plus V.A.T. valid until 31.01.2023. Errors and technical changes reserved.

Installation pliers VDE

- Flattened, smooth gripping surfaces for damage-free gripping and bending of wires
- Individual use of the pliers tips, e.g. for expanding holes or removing burr from cut plastic tubes
- Burner hole for safe gripping of flat and round materials
- Cable shears for conductors and cables up to a diameter of 15 mm or a cross section of up to 50 mm²
- Cutting of conductors: Precise and simple cutting with less force required than a conventional wire cutter
- Chrome-vanadium tool steel ensures high durability and a long product life
- Damage-free sheath stripping of solid and stranded conductors of 1.5 mm² to 2.5 mm²
- Crimping of ferrules 0.25 | 0.5 | 0.75 | 1.0 | 1.5 | 2.5 mm²
- Crimping of non-insulated crimped terminals of 2.5 to 4.0 mm²
- Individually tested acc. to DIN EN IEC 60900 for working safely on live parts

Thanks to the parallel jaws, screw edges are not damaged!

Pliers wrench VDE

- Stepless gripping of all wrench widths thanks to the parallel jaws
- Easy tightening and releasing of screw connections
- Weight-reduced for very light working that is gentle on the joints
- Secure setting of the gripping jaws prevents the joint slipping through
- Gentle on surfaces thanks to the smooth, polished gripping surfaces
- 10-fold manual force amplification for very high clamping force
- With comfortable single-hand adjustment pushbutton
- With finger clamp protection for safe working
- Chrome-vanadium tool steel ensures high durability and a long product life
- Individually tested acc. to DIN EN IEC 60900 for working safely on live parts

PLIERS AND WRENCH IN ONE

Gripping | Holding | Pressing | Bending workpieces

These 3 pliers wrenches are new in the delivery program 2022. The VDE pliers wrench (Art. 211224) and the pliers wrench from the basic program (Art. 210619) are 260 mm long and replace wrench sets from 0 to 50 mm. The third model is the smaller and even more handy variant of the basic pliers wrench (Art. 210615); it is 180 mm long and makes wrench sets of up to 36 mm superfluous.

Versatile, flexible, safe, light and gentle on the joints – make things easy and profit from the many benefits of our new pliers wrench!

BATTERY-HYDRAULIC CABLE CUTTER IN PROVEN QUALITY WITH AN EVEN LARGER CUTTING RANGE

The new battery-hydraulic cable cutter "AS6-S50" cuts copper and aluminium cables (except ACSR and SWA cables) with a diameter of up to 50 mm.

The special thing about the cable cutter "AS6-S50" (Art. No. 216420-1) by HAUPA is the large cutting range of up to 50 mm. The durable design with perfect, force-saving centre of gravity and the light weight of 7.9 kg make this tool ideal for big tasks. The high-performance cable cutter can be positioned reliably on the cable even in tight spaces. One battery charge of the 2 Ah battery supplied in the set allows up to 50 cutting processes depending on the cable. The forwards and reverse button with a safety lever allows the cutting process to be controlled at any time, thereby ensuring safe working.

TO SUIT YOUR REQUIREMENTS

The cable comes either with or without a battery and charger (216420-1 / 216420-1-NO) – perfectly packed and stored in a practical plastic case.

The basic body is compatible with the MAKITA 18 V battery equipment. Batteries by other manufacturers fit if suitable, separately available, adapters are used. They can be installed quickly and easily thanks to the comfortable plug connection.

battery-hydraulic cable cutter "AS6-S50"

For cutting Al/Cu cables

Delivery scope: 1 cutting tool, 1 charger, 1 battery, 1 carrying strap, in a system case.

- Precise cut with little conductor deformation
- Cutting force kN: 60
- Work pressure in bar: 700
- Cutting width Ø: 50
- Cutting head 180° rotating
- Battery charging time in minutes: 30
- Battery type: Li-Ion, 18 V, 2 Ah
- For battery Art. No. 215523 and charger Art. No. 215527
- Compatible with MAKITA 18 V charging equipment
- LED lamp for work room lights

READY FOR INNOVATION AND EASY OPTIMISATION OF SYSTEMS AND PROCESSES?

The service bag has everything you need to actively design digitalisation and the energy turnaround. Our tools are perfect companions for taking new paths in the electrical trade.

Service bag „HUPsmarHome“

Document compartment, compartments for tools and instruments, small pocket, big compartments, rubber loops, separate well protected main compartment for laptop and documents, additionally divided with removable centre wall. Notebook compartment up to 15". Colour: green, black. Case 220292.

Content:

- Combination pliers 180 mm*
- Side cutters 160 mm*
- Long chain nose pliers 45°, 160 mm*
- Screwdrivers set „HUPslim“ 1000 V PH
- Screwdrivers set „HUPslim“ 1000 V PZ/FL
- Stripper „Allrounder“ 4 - 15 mm²
- Cable stripper „Top Coax Plus“ 4,8 - 7,5 mm²
- Perlon fish tapes, 15 m x 3 mm
- Spanners for switch-cabinets, „HUPkey“
- Water pump pliers 170 mm
- Folding rules
- Aluminium spirit levels 400 mm
- Carpenters' pencils
- Engineers' hammer 300 g
- Electricians' chisels 10 x 250 mm
- Voltage tester „Basic +“
- Crimping pliers for modular plugs
- Cable stripping knives
- Sensor Tool LSA
- Crimping pliers HUPsquare10 0,08 - 10 mm²
- Hand saw „PUK“
- Ratchet screwdriver set „FlexBag“
- ESD Electronic side cutter without cutting-facet

* perfected cutting force performance
