Construction Glue HUPfix+

- Extrem high initial adhesion
- Bond cable-crunks, distribution-boxes and cables to walls, wood and metal
- No retaining of the to be bonded parts at overhead and vertical places
- Paintable

Art. no. 170206

310 ml

Application HUPfix+:

Gluing of metal, wood and synthetic materials in electrical sectors, building, furniture manufacture, container construction, metal work, machinery, air conditioning, yacht/boat construction, body-work, vessel construction and construction of window and door frames. Suitable in applications where silicones can not be used. An adhesive with a grab and bond strength so good it can be classed as the ultimate performance adhesive. With HUPfix+ it is possible to glue heavy materials like cables, stone, wood, tiles and metals on ceilings and walls, where other common glues fail.

Characteristic:

The materials which needs to be glued, must be clean, free of oil and grease. Apply the **HUPfix+** on one side, place the material to be glued together and press firm. Direct adhesion. Skinning time after 10 till 20 minutes. Curing 3 mm/24 hours. Shelf life: 12 months. Temperature resistance: -40 till +100°C (130°C short-term up to 2-3 hours). Application temperature: +5 till +40°C.

Cartridge gun „Profi“

- for processing silicone and polymer cartridges

Art. no. 170254

for 310 ml cartridges

HUPsuperglue

- Super-glue from cyanoacrylate
- For high-strength bonding of metals and plastic combinations
- Low-viscosity

Art. no. 170226

20 g

How to use HUPsuperglue:

The surfaces must be clean and free of oil or grease.
Apply a thin layer of **HUPsuperglue** to one side and join the parts.

Water-based lubricants and slip agents

Art. no. 143344

500 ml

Art. no. 143345

1.000 ml

Application:

This prevents 80% of friction and facilitates cable laying through excellent slippage in every situation. As soon as the water is evaporated, the main part of the lubricant remains und and ensures that old cables can easily be pulled out and new ones inserted, for many years and at different temperatures.

Marking Paint HUPmark

- Luminous red/luminous yellow/luminous pink
- High luminosity and opacity
- Work in any position
- Fast-drying, abrasion- and weather-resistant

Art. no. 170140

500 ml

Art. no. 170141

500 ml

Art. no. 170142

500 ml

Application HUPmark:

The area to be sprayed must be dry, clean and grease-free. Bring the can up to room temperature. Before use and after each pause in spraying, shake well until the mixing ball moves freely. After use, spray out upside down.

Properties:

Marking spray for industrial, craft, construction and mining etc. For fast, clean and permanent marking of: Cement, wood, masonry, metal, asphalt, soil, plaster, glass, ceramics etc. For labelling and marking of: Pavements and roads, construction measures, breakthroughs, pipe and cable ducts, free from heavy metals, lead and cadmium, dries quickly and is friction and waterproof.

Anti-Friction-Coating HUPcable

- Easy pulling of cables into hoses
- Extreme friction reduction
- Save up to 50% of time and force

Art. no. 170174

400 ml

Application HUPcable:

Spray the prepared cable. Wait for the propellant gas to evaporate (a few seconds) then pull in the cable.

Properties:

HUPcable simplifies pulling of cable into the protective hose.

Contact spray HUPwetBlock

- Protection of all kind of electrical contacts against moisture
- Blocks wet
- Long time elimination of creeping current and oxidation

Art. no. 170180

400 ml

Application HUPwetBlock:

Due to its highly effective ingredients all types of electrical contacts and connections are protected against moisture and corrosion. Water and moisture is reliably suppressed. The product properties remain even after several months of use indoors and also outdoor and prevent permanent leakage currents and short circuits in: lighting systems, connections and sockets, electrical machinery and equipment, pumps, intercom systems, switches and fittings, connectors and contacts sockets, fuse boxes, cable connections, cable reels, battery terminals, engine electrical, electric, bell systems and much more.

Smoke-Detector-Test-Spray HUPdetect

- Simulated fire smoke
- About 150 to 200 test operations
- Fast and reliable

Art. no. 170404

200 ml

Application HUPdetect

Test your smoke detectors once a month with this test spray, to exclude technical defect, as well as the contamination of the detector.

Properties:

- directly simulated fire smoke
- enough for about 150-200 test operations
- Fast and reliable

Fast degreaser HUPdegreaser

- Intensive cleaner and degreaser
- Removes dust, dirt, oil and grease
- Residue-free and fast evaporation

Art. no. 170102

500 ml

Application HUPdegreaser:

For cleaning and degreasing of dust, dirt, oil, mechanical parts. For removing wax-stains, fats and resins from high potential switches, air conditioning, antenna insulators, motors, ventilators, switchboards, cables, stubborn dirt on glass and car paint, etc.

Properties:

HUPdegreaser is a quick and intensive degreaser and cleaner for mechanical and electrical equipment. Residue-free and fast evaporating.
